

The Ask Cindy virtual cleaning service offerings will require the following essentials:

- Please take three photographs of each room/area for the requested detailed cleaning guidance. A minimum of three images per room/area is necessary to ensure that all aspects of the space are captured; then, Ask Cindy can accurately contemplate the room being addressed.
- Ask Cindy will discuss and communicate her reactions to each image to further highlight and discuss what is desired related to your specified inquiry.
- Once we are both in complete agreement, Ask Cindy will forward a contractual agreement with the related details and pricing to be reviewed and signed.
- The signed agreement advances the Ask Cindy process for reviewing each uploaded photo image on file. A customized how-to clean procedural plan will be developed by Ask Cindy exclusively for your home (Timeline: seven-day window); This written "Magic For A Renewed Beginning" for your cleaning tasks will be emailed for your review and approval.
- Notably, **included** in all of the pricing plans, the entire house cleaning plan-of-action will be laminated, creating a protective binder for your customized how-tos; All yours forever! Ask Cindy will mail this protective binder directly to your residence.
- **Note:** There is a two-room/area minimum per submission: three images per room/area.
- **Pricing:** \$105.00 per image for the **initial deep cleaning tasks:** this plan erases the past!
- **Pricing:** \$75.00 per image for the all-important **maintenance plan of action.** Easier effort!

It would be my absolute pleasure to clean with you virtually: Service without judgment, now let's get started!
